

00:46:48 Romuald Mwesiga: Presenter is so fast

00:49:38 Raymond Bandio: Naomba kuuliza kama contents iliyopo kwenye shule direct imethibitishwa na mamlaka huskika za elimu nchini?

00:51:25 catherine Hiza: wana partnership and Tanzania institute of education Kwa sasa je wameweza kuconnect vipi na moe kusaidia wanafunzi kipindi hiki mana naona hata walimu wacko lost na wameshindwa wafikia wanafunzi

00:51:44 Raymond Bandio: Pia naomba kujua accessibility and userbility in terms of data ya Shule direct kwa rural Tanzanians?

00:51:45 catherine Hiza: any steps taken?

00:55:51 Iku Lazaro: Hi Raymond Bandio, Content iliyopo Shule Direct inafuata muongozo wa mtaala wa Taifa kwa elimu ya Sekondari, tunapitisha nyenzo zetu Taasisi ya Elimu Tanzania kwa ajili ya uhakiki na kupata ithibati

01:01:26 Raymond Bandio: Asante sana Iku

01:02:40 Romuald Mwesiga: We can't hear Given completely

01:02:53 Raymond Bandio: Network ya Given iko weak inakata kata

01:07:41 Iku Lazaro: Karibu Raymond, for accessibility - content za Shule Direct zinapatikana through web au mobile app, huhitaji data kama unatumia mtandao wa Vodacom au Tigo. Tuna huduma nyingine ya SMS (ujumbe mfupi) hii pia inapatikana bure mitandao yote Tanzania kwa kutuma ujumbe Makini kwenda namba 15070

01:08:31 Iku Lazaro: Pia kwa ushirikiano na wadau mbalimbali tunafikisha offline Learning Management System kwenye mashups, mpaka sasa tumefikia Shule 90 sehemu mbalimbali (zisizo mjini) Tanzania

01:10:13 Raymond Bandio: Coverage ikoje kwa sasa kwa Mtabe na My Elimu?

01:11:00 Raymond Bandio: Given- just roughly mmefikia watumiaji wangapi mpaka sasa kwenye Mtabe na My Elimu?

01:14:20 Raymond Bandio: Wabunifu wa Elimu - naona wengi tumejikita kwenye Elimu za Sekondari , Vipi Kuhusu ngazi za Elimu ya Juu ? Vyuo nk?

01:15:18 kessia kiwia: sio tu elimu ya vyuo vipi kuhusu shule za msingi hasa za serikali?

01:28:29 Agnetta Kamugisha: Hongera sana Dr Mhamilawa 🙌🙌🙌🙌

01:29:10 Raymond Bandio: Daktari Lwidiko for another doctorate

01:30:22 Agnetta Kamugisha: Agree kids need TOTAL knowledge not just math & science

01:30:35 kessia kiwia: hongera DR. Lwidiko kwa hiyo project, mimi ni mwalimu wa lugha tunafanya project kama hiyo kwa wanafunzi wa sekondari wa shule za serikali form 1-3. tumeeita kinful program which base on social emotional learning

01:30:43 Doris Avati: that is exactly what's missing kwenye mfumo wa elimu Tz. Critical thinking, problem solving and life skills.

01:31:45 Doris Avati: mambo ya ku copy notes na kusomea kufaulu mitihani ni wrong approach to education

01:34:14 Doris Avati: some countries wanaanza tangu kindergarten

01:36:45 Grace Ukende Shalla: Ha ha ha Jamani Surphuric acid nyumbani, hii ni kali ngoja wajukuu zangu nitawaleta

01:37:05 Johnson Ejalu: I like the science kit idea.... Is there a follow up theme or progression scheme to see how the kids are doing?

01:37:17 Johnson Ejalu: scheme

01:43:17 Romuald Mwesiga: Congratulations to Inspire Project team; this is good approach to have competent scientists.

01:44:27 Grace Ukende Shalla: Hata Mwanza vijini, Geita huko mtukumbuke

01:44:42 Asha nyanganyi: This is truly amazing!

01:45:15 Wilbroad Samson: Muda umefika sasa wa Serikali kujenga, Internet conected computer labs kwa shule zote za umma,digital divide gap ni kubwa sana katika jamii yetu

01:47:00 kessia kiwia: online learning inanza kuwa na soko kubwa kwa sasa

01:47:15 Iwidiko Mhamilawa: Thank you Johnson.. yes, the kits are designed different levels in progression and age appropriate.

01:47:58 Iwidiko Mhamilawa: Ahsante Kessia.. tunaweza ongea zaidi.

01:49:08 kessia kiwia: Ahsante sana

01:50:09 Doris Avati: Swali kwa walimu: Kutokana na changamoto nyingi ambazo zimeelezewa kipindi hiki cha korona na mfumo wa elimu kwa ujumla, tunafahamu kabisa kwamba wanafunzi wengi watakuwa nyumba pale watajaporudi shuleni.

01:52:11 Wilbroad Samson: Kaka Hussein

01:53:10 Doris Avati: Samahani nimetuma haraka...Mna mapendekezo gani kwa serikali kuhusu namna ya kuwasaidia wanafunzi watajaporudi shule, depending on when shule zitafunguliwa, jee warudie darasa, waongeze mwaka wa masomo etc.

01:54:41 kessia kiwia: changamoto ninayoiona hapo ni walimu wengi wako knowledge based learning na sio competent based learning (tubadilike) 2. walimu sisi sio behind camera oriented inaleta hofu na kushindwa kutoa kile alichonacho tofauti na darasani. tunatakiwa kubadilika hapo kwenye matumizi ya technology in teaching

01:57:40 Doris Avati: mfumo wote wa elimu unahitaji kuboreshwa, kuanzia nani anasomea ualimu...

01:58:35 Raymond Bandio: COVID 19 itusaidie kubadilisha mfumo wetu wa Elimu hasa ku intergrate innovation hizi zote with our Traditional educational sytems

01:59:51 Raymond Bandio: Lugha haina mahusionno yoyote na uvumbuzi

02:02:03 Doris Avati: baadhi ya walimu wanafundisha kwa kuvolunteer hawajaajiriwa rasmi, atatoa wapi hela ya kujiendeleza?

02:03:39 Kdeghe Fue: Mie nadhani lugha inaingia katika kumkwamisha mbunifu uwelewa wa jambo kabla ya kugundua.. Ukiwa unalifahamu jambo fulani iwe kwa kiswahili ama kiingereza bado haiwezi kuwa shida. Lakini kama utataka kuelewa jambo fulani kwa mfano "Electromagnetism" ukashindwa kisa lugha BASI utashindwa kufikiria vizuri jambo fulani muhimu ambalo linahitaji foundation ya Electromagnetism na kulivumbua.

Mie ni mmojawapo wa watu ninaoshauri walimu wa STEM kuchanganya lugha wakiwa darasani.. sishauri kwa walimu wa Arts lakini kutokana na "nature" ya masomo.

02:09:52 Janet M: hongera wadau wa elimu. bado kuna kazi ya kufanya... lakini mmepiga hatua kubwa kwa kweli.

02:13:30 Ngemera Mwemezi: For online learning. parents should be part of it to motivate their kids

02:15:58 kessia kiwia: Dada Iku, vitu mnavyoongelea vinawezekanaje kwenye shule za serikali?

02:17:11 Zawadi Sakapalla-Ukondwa: Agnetta Kamugisha, North Carolina, Ph. 919-724-2291; Nabila Ghassany, Georgia, Ph 404-988-2178; Nassaro Basalama, North Carolina, Ph 919-519-1624, Zawadi Sakapalla-Ukondwa, Maryland 301-379-2342. OTina Lasway of Texas, Ph. 919-309-6994

02:18:13 Asha nyanganyi: I like the rating system. users rating the content 🍷

02:21:33 Romuald Mwesiga: Sorry Zawadi; could you share the link of the upcoming meeting (tomorrow)?

02:27:06 Iku Lazaro: Hi Kessia, 99% ya watumiaji wa Shule Direct ni wanafunzi na walimu wa Shule za Serikali, ambako kuna changamoto za kupata learning resources kirahisi

02:30:26 Zawadi Sakapalla-Ukondwa: Hi Romuald, please text us, using our numbers on chart , so we can share the link. The meeting will be tomorrow at 4pm EST.

02:30:42 Hussein Juma: Given, mimi nadhani walimu wanataka kujua which is write and which is wrong kwa sababu sasa hivi matangopori pia ni mengi sana. Mfano halisi kwenye Literature, chambuzi nyingi ni kanjanja kweli yaan. Apart from fragments, lakini pia hakuna ufanisi katika kuchambua fasihi. Most of the online materials fail even to differentiate between a theme and a motif, and as a result, both the two are taught as themes.

02:32:20 Given Edward: Exactly @Hussein. On ground ni changamoto kubwa walimu wanayo.

02:33:22 Hussein Juma: Yes, ni changamoto kwelikweli. Ndo maana kila wakati nakuwa mdadisi sana kwenye masomo yangu kuhakikisha quality of the output.

02:34:56 Doris Avati: niliuliza swali hapo juu

02:36:16 Hussein Juma: Jacqueline, nimependa sana idea ya kupeleka minara kwenye outskirts. Bahati mbaya sana, vya serikali vingi vinakuwa vibovu, sijui shida nini. TTCL kwa mfano, ina vifurushi vizuri sana, lakini kama Shinyanga inashika ukiwa karibu na jengo lao tu. Hahahahaha. Msinipige mawe lakini.

02:36:49 Doris Avati: kweli kuna sehemu hakuna redio

02:37:43 Doris Avati: swali la jinsi ya ku filll that gap ni muhimu sana

02:38:50 Mubelwa Bandio: Duh! Huu utafiti wa radio unasikitisha sana

02:39:35 Romuald Mwesiga: Currently radio are available via mobile phones (frequencies)

02:41:14 Hussein Juma: And most of the mobile phones work poorly in outskirts. Nenda Makibo, Isuli huko Tabora. Redio inayoshika sana ni TBC FM, na yenyewe utakuta iko busy na mambo ya kisiasa, most of the time.

02:43:53 Hussein Juma: How do I benefit in sharing contents, as a teacher so far? Do I just share them in vain? Which of course need the loftiest charity readiness.

02:46:12 Iku Lazaro: Hi Uncle Kaso, as a teacher you have a choice of how you wish to share your content on Shule Direct platform - Unaweza kuuza au kuzitoa bure, wewe unaamua. Karibu sana tuwawezeshe watoto wetu waelimike

02:46:46 Hussein Juma: Safi sana Given, without teachers, the education system is moribund. Hakuna nchi ambayo iliendelea kwenye elimu bila kujali walimu. Mfano mzuri wa nchi zenye mfumo mzuri wa elimu ni Ufini, Uswidi, China, USA. Angalia cha kwanza kabisa, maslahi ya walimu yako juu sana. Na pili, wako more encouraged kujiendeleza whenever necessary.

02:47:52 Hussein Juma: Ahsante sana dada @Iku, lakini kama ni suala la kuamua uuze ama utoe bure, tayari vya bure vitakuwa vimeshaharibu soko ya vya hela. Prove me wrong.

02:48:01 catherine Hiza: Walimu wapewe nafasi kufanya kazi Yao

02:48:57 Doris Avati: Kuna vijiji hata network ya simu hakuna mwalimu mpaka aende akasimame sehemu fulani to make a phone call. Changamoto ni nyingi saaaana! Asilimia kubwa ya watu Tz wanaishi vijijini so its important to keep that in mind when discussing access to technology.

02:50:17 Hussein Juma: Kweli kabisa @Catherine. Yaani kati ya taaluma inayokuwa lagged behind ni ualimu. Tumesikia hapo jamaa anauza science kits, lakini MwI ndiyo anatakiwa ku-share knowledge bure, wakati hizo science kits ni zao la knowledge. Hahahahaha, tukubali tu kuwa, walimu Tanzania wana changamoto sana. Ndo maana wanaoenda kusoma ualimu kwa sasa ni walioshindwa fields zingine.

02:52:21 Hussein Juma: Kabisa @Doris. Network ni shida, Na ikipatikana, inakuwa gharama kubwa. Trust me, ingawa watu wa voda wameni-crash, lakini ukweli ni kwamba vifurushi vyao kwa sasa vinatesa kabisa. GB 3 hazikai hataa siku. Dada Jack anasema kuwa ni kwa sababu ya background apps, mbona mitandao miingne hivyo vifurushi haviendi san? Nilihamia Halotel, nakaa na GB 4 Karibu wiki au zaidi.

02:53:12 catherine Hiza: NIKweli Hussein

02:54:41 Hussein Juma: Dada Jacq anautetea mtandao wa vodacom, hapo tu mwenyewe unamsumbua, hahahahaha.

02:58:15 Doris Avati: Hussein, Halotel wako zaidi mikoani wana better coverage out there. Voda wanajitamba sana lakini wanasumbua, dada Jacqueline usikasirike 😊😊

03:00:04 Hussein Juma: Hahahaha. Kweli kabisa Doris. Walinitesa sana voda nikiwa chuo, vifurushi vyao kwa kweli hapana. Sidhani kama wanasaidia kwa kutupa vya bure halafu shida kuvi-access na vya hela ambavyo havidumu. Dada Jacq, fanyieni kazi hii changamoto. Voda ni kero kwa sasa kwenye suala la vifurushi. So costly, loh.

03:02:16 Doris Avati: Swali muhimu kwa walimu kwa niaba ya wazazi-

03:03:17 catherine Hiza: Hussein it's not about money

03:03:21 Doris Avati: mnashauri serijali ifanyeje wanafunzi wa msingi na sekondari wakirudi shule to fill ile gap ya kuwa nyumbani?

03:04:51 catherine Hiza: Hussein it's not about money mishahara mingi sana inafanana TZ Msikize

03:05:05 Jacqueline Materu: Asanteni sana kwa maoni, yote nimepokea. my email is materuj01@vodacom.co.tz - please send me your number na location unapotaka shida yoyote. Asanteni kwa kuchagua Vodacom :)

03:05:43 Ezekiel Lameck: hapa kwa kushauri serikali kuna changamoto sana mana shida sio kurudi shule muda hauwezwi kurudishwa. Labda wasipate likizo yeyote mpaka watakapo maliza mitaala yao ya mwaks

03:13:10 Asha nyanganyi: Good idea kusaidia shule za vijijini. simple things like solar which are very affordable they are all within our means
